

TOMO NO KAI'S

10<sup>TH</sup>

ANNUAL

VOLLIN

THE ARC

# REMARKS

To everyone, welcome to the 10th Vollar' @ the ARC. Through the hard work of my cabinet, we were able to accomplish hosting a second tournament of the year. (Ballin' being the first) Before joining Tomo no Kai, I was very invested within the sport of volleyball. As I heard through word of mouth about the existence of a past volleyball tournament, I made it my goal to search and revive the past event. Special thanks to Jodaiko, our sister club, and Kyoko Watari, our Jodaiko representative, for allowing me the honor of hosting this year's variation of the tournament through Tomo. Tomo no Kai has been invaluable to me for creating opportunities and working diligently, so a big thank you to the club and its members. Additionally, since it is an event that I would like to bring back, the development of the event that would normally be suited by specific members within our cabinet according to their strengths did not happen. As such, I hope everyone can enjoy a fun day full of games, but also understand that this event was initially created to allow people a fun environment with volleyball involved!

**Andrew Park, Sports Coordinator**

# REMARKS

On behalf of UC Irvine Tomo No Kai, welcome to the 10th annual Vollarin' @ the ARC Volleyball Tournament! It has been a long six year hiatus since we last hosted this tournament and it is wonderful to see all the teams and supporters come out. Vollarin' initially started as a volleyball mixer with our sister club Jodaiko, the collegiate taiko performance group. Without a doubt, it is amazing how this event has evolved over the years to become the tournament it is today. We are looking forward to a day full of excitement and countless memories! I hope you all enjoy your time here so much that we see you back next year. With this in mind, I would like to give a massive thank you and congratulations to our Sports Coordinator, Andrew Park. To preface, his love for volleyball is immense, and the fact that he gave up his time from his volleyball club team for Tomo means a lot. Without him, Vollarin' would not have been able to make its successful return. As someone who has grown to enjoy volleyball, I could not be prouder of what he accomplished, especially with revitalizing the event. I would also like to extend a special thank you to our interns, volunteers, and new cabinet who without their help, this tournament would not be possible. Also, big thank you to all of our alumni for always coming out to support us. And of course, a huge shoutout to everyone else here joining us today for your support! To all the teams out there, good luck vollarin'!

**Christian Umemura, President**

# SPECIAL THANKS

**Pops, Mom, and Big Sis:** I thank you guys for being part of my life and could never have asked for a more supportive family. Hope I can make you guys proud!

**All of the players:** Thank you all so much for coming out this weekend. Either a tomo alumni, NSU school, tomo member, or even just a mutual, I truly do appreciate having each and every one of you guys here playing a very fun sport. Please come out again if there is another Vollen' or Ballin' @ the ARC. <3

**Emi:** Soooo like you said Vollen' is so difficult to do in this timeframe (SERIOUSLY). But thank you for being so supportive of the idea and leaving me with a lot of information to go off of.

**Sports Interns:** Y'all are truly a bunch of individuals that mean a lot to me. I hope each and every one of you guys cherish the memories and times we all spent together. Thanks for sticking by and doing a lot of the heavy work. Let's hang out after the year's over!

# SPECIAL THANKS

**New Cab:** So we're like JUST starting and this idiot, of course, HAS to have a volleyball tournament. I'm so sorry for loading a large portion of the work onto you guys, but very thankful for each and every one of you guys. Cannot wait to see how we work Tomo next year and again thank you guys so much for helping out!

**Kento:** You're so cool-how do you never complain about anything in life. I aspire to learn that trait.

**PNS:** So first off, stop saying the initials weirdly. Like bruh, we are not 5th graders. Please. I will literally deck the snot outta someone if they do it again next time. And I'm being fr. With that being said, words cannot explain the gratitude I have for you all. Despite knowing how tough this time is with all of the events, every one of you guys stuck by and made it happen. I appreciate it to the highest of highs. We're almost done with this year, but there's sooo many years ahead of us. I want to tell myself, sometimes, to look back and relive the past experiences. And within those experiences, I just want you guys to know that you are all part of it.

Thanks again guys and gals.

Andrew S.C. out
